# THE WYNNUM TAKES IT ALL — COMMUNITY CHOIR NEEDS YOU!

FROM WYNNUM FRINGE

This year, Wynnum Fringe is bigger, there are more performers, and the Fringe team is calling on people from everywhere to join them on Saturday, November 18, to be part of history to form a mammoth community choir.

The choir will be singing to the tune of ABBA's The Winner Takes It All – or is it The Wynnum Takes It All? (We should check if Benny and Bjorn didn't accidentally misspell the lyrics when writing it!)

We love a pun at the Fringe, and last year, it was You Can't Wynnum All But You Can Wynnum Fringe; this year, we've been inspired by ABBA and are proudly putting Wynnum on the map!

All you need to do is learn the lyrics below (there's plenty of time!) and get down to the Wynnum Fringe site at 55 Upper Esplanade, Manly, on November 18 at 10.00am.

## THE WYNNUM TAKES IT ALL

I don't wanna talk  
About things we've gone through  
Though it's hurting me  
Now it's history  
I've played all my cards  
And that's what you've done too  
Nothing more to say  
No more ace to play

**CHORUS 1**  
The Wynnum Takes It All  
The loser standing tall  
Beside the victory  
That's our destiny

**VERSE 2**  
The greatest town of all  
On the fringe of Brisbane

It's where we love to be  
Come and you will see  
The best community  
Young and old and in-between  
Sittin' by the sea  
It's the place to be

**CHORUS 2**  
The Wynnum Takes it All

The Bayside Festival  
There's so much to see  
Come join the party  
The Wynnum Takes It All  
The Bayside Festival  
There's so much to see  
Feel the energy!

# LOCAL CRAFTSMEN STEP UP FOR STREET LIBRARIES

FROM THE WYNNUM MANLY & DISTRICTS MEN'S SHED

**Street Libraries are an enduring feature of the bayside. Book readers are increasingly using street libraries near their homes to share books with their neighbours.**

The Wynnum Manly and Districts Men's Shed (WMDMS) has supported the growth of street libraries by constructing them for willing residents. These libraries can be seen around the bayside, and one outside the Men's Shed has a steady stream of locals sharing their books.

Everyone can extend the life of their books rather than dumping them, and in addition, know that they are helping to build a sharing community.

Libraries are built by Men's Shed members, often using recycled materials.

President David Westlake says Men's Shed is always looking for ways to support the community.

## Local Area Update

COUNCILLOR FOR WYNNUM MANLY

### Wynnum Manly Men's Shed: Leading the Way in Men's Health Awareness

The Wynnum Manly Men's Shed deserves immense gratitude for extending an invitation to join them for their Mental Health Awareness Breakfast. This community organisation has undeniably become a formidable force in addressing men's health and overall well-being.

Over the past 12 years, since its inception, the local Men's Shed has provided invaluable physical and emotional support to countless men. Their commitment to fostering better health for the community is undeniable.

To drive meaningful change in men's health, we must confront the uncomfortable topics that often remain in the shadows. This illumination is essential to reshape prevailing statistics and perceptions.

Under the able leadership of David Westlake and the entire team, the Men's Shed envisions a promising future. The dedication they show in improving the lives of men in our community is a testament to the power of collective action. We eagerly anticipate the progress and impact they will continue to make in the days ahead.

### Spook-tacular Halloween Parade Returns to Bay Terrace!

Bay Terrace is set to host the eagerly awaited Halloween Parade on October 28th, promising a night of hair-raising thrills and chills for all.

The event will see Bay Terrace transformed into a haunting spectacle, with the parade taking centre stage. This year's edition vows to be even bigger and spookier, featuring ghouls and ghosts that will send shivers down your spine.

Families are in for a treat with a variety of activities, including family-friendly rides, captivating market stalls, and a candy-filled trick-or-treating experience. The burning question on everyone's mind is, "What spine-tingling costume will you be wearing this year?"

Join in the eerie fun on October 28th on Bay Terrace and prepare for a memorable Halloween experience. Don't miss out on this spine-tingling event that's sure to be the highlight of the season!

### Nappy Collective: A Local Call for Donations to Support Vulnerable Families

Community, Simplicity, Integrity, Respect, and Ethics are the Nappy Collective's core values. This dedicated organisation has a clear vision: to provide every child in the country with access to clean nappies, ensuring their happiness and health.

Local support for this cause has recently grown with a new drop-off point in my office. The initiative is now calling upon the community to contribute by donating nappies. These donations will play a crucial role in assisting vulnerable families in the area who need support.

By coming together and contributing to this cause, the community can make a real difference in the lives of those who require assistance the most. It's a simple gesture with a significant impact, demonstrating the power of unity and compassion.

### Community Victory: Brisbane City Council Extends Esplanade Speed Limit

In a victory for the community, the collective efforts of our locals have yielded results. After years of relentless campaigning and advocacy, the Brisbane City Council has finally listened. The 40km/h speed limit along the Esplanade has been extended, with clear signage to ensure compliance.

This marks a significant step towards enhancing road safety, thanks to the persistent efforts of the community. While celebrating this win, it's important to remember that the fight to improve the safety of our roads is not over.

As your voice in the council, my commitment lies in the continual enhancement of our roadways and intersections. Above all else, the safety and well-being of our community remain my top priority.

Carol Danvers aka Captain Marvel has reclaimed her identity from the tyrannical Kree and taken revenge on the Supreme Intelligence. But unintended consequences see Carol shouldering the burden of a destabilised universe. When her duties send her to an anomalous wormhole linked to a Kree revolutionary, her powers become entangled with that of Jersey City super-fan, Kamala Khan aka Ms. Marvel, and Carol's estranged niece, now S.A.B.E.R. astronaut Captain Monica Rambeau. Together, this unlikely trio must team-up and learn to work in concert to save the universe as "The Marvels".

### The Hunger Games: The Ballad of Songbirds & Snakes (CTC) – November 16

Return to *The Hunger Games*, the landmark film franchise that has earned over \$3 billion globally, with Lionsgate's adaptation of Suzanne Collins' #1 New York Times Bestseller *The Ballad of Songbirds and Snakes*. Years before he would become the tyrannical President of Panem, 18-year-old Coriolanus Snow (Tom Blyth) is the last hope for his fading lineage, a once-proud family that has fallen from grace in a post-war Capitol. With the 10th annual Hunger Games fast approaching, the young Snow is alarmed when he is assigned to mentor Lucy Gray Baird (Rachel Zegler), the girl tribute from impoverished District 12.

### Napoleon (MA15+) – November 23

Napoleon is a spectacle-filled action epic that details the chequered rise and fall of the iconic French Emperor Napoleon Bonaparte, played by Oscar®-winner Joaquin Phoenix. Against a stunning backdrop of large-scale filmmaking orchestrated by legendary director Ridley Scott, the film captures Bonaparte's relentless journey to power through the prism of his addictive, volatile relationship with his one true love, Josephine, showcasing his visionary military and political tactics against some of the most dynamic practical battle sequences ever filmed.

### Trolls Band Together (CTC) – November 30

After two films of true friendship and relentless flirting, Poppy (Anna Kendrick) and Branch (Justin Timberlake) are now officially, finally, a couple (#broppy)! As they grow closer, Poppy discovers that Branch has a secret past. He was once part of her favourite boyband phenomenon, BroZone, with his four brothers. BroZone disbanded when Branch was still a baby, as did the family, and Branch hasn't seen his brothers since. But when Branch's bro Floyd is kidnapped for his musical talents by a pair of nefarious pop-star villains – Velvet and Veneer, Branch and Poppy embark on a harrowing and emotional journey to reunite the other brothers and rescue Floyd from a fate even worse than pop-culture obscurity.

SPONSORED BY MARKET 2 MARKET **23** YEARS

**Name:** Oscar (aka Oscar the Grouch).

**Suburb:** I'm from Manly.

**How long have you lived here?** All my life – 14 people years!

**What's your favourite local walk?** The Esplanade, especially if I meet someone I know.

**Your most treasured toy?** My ball. I have had it for years, and nearly lost it a while ago, but my owner found it again. Those other balls were not the same.

**Your favourite food?** Roast chicken. Or toast. Or just about anything.

**What's your worst habit?** Trying to scrounge food from everyone I meet, but I figure that if you don't ask, you'll never know. And it seems that people do not like my licking their legs a lot. Strange.

**Your favourite local hangout:** Lota Dog Park. But when we had a boat, we would go to Green Island, which was perfect for dogs... paddling in the water and smelly things to roll in and sand to dig in.

**Your best doggo friend:** I don't generally have friends, just a very select group of people and dogs are on my approved list to whom I may talk. But I suppose my housemate Felix has to be my best friend.

**Any funny or embarrassing stories you'd like to share?** No. What happens at the dog park stays at the dog park.

**What do people love most about you?** My loyalty, I guess. Plus, they seem to enjoy the fact that in my view there are two ways to do things – Oscar's way and the wrong way!

**Name:** Felix.

**Suburb:** Manly.

**How long have you lived here?** Most recently, about four years, but before that, I alternated between here and Newcastle.

**What's your favourite local walk?** Every morning down to Wynnum Manly Yacht Club. Sometimes the lovely, kind and beautiful office ladies give me treats!

**Your most treasured toy?** I'm not really a toy person.

**Your favourite food?** Tuna. But I do let my owner have some for lunch most days.

**What's your worst habit?** My owner says we are incompatible on walks. He says that when I sniff grass, I am like a wine connoisseur who must sniff and taste everything twice, and take notes. What's the rush?

**Your favourite local hangout:** Lota Dog Park, or the office at the yacht club. I do like kayaking around the harbour as well.

**Your best doggo friend:** My housemate Oscar, but he sometimes ignores me. Plus, I like playing with Louie at the Dog Park or talking to Snoopy across the road. Gracie is my favourite girlfriend.

**Any funny or embarrassing stories you'd like to share?** Apparently, I snore and bark in my sleep.

## CRUCIATE LIGAMENT INJURY IN DOGS

BY DR NICKY THOMAS, WYNNUM MANLY VETERINARY HOSPITAL

We've all heard of human athletes (whether it be rugby players, netballers or skiers) "doing a knee" and being ruled out of their competitive season. This is commonly due to a ruptured cruciate ligament. A ruptured cruciate ligament is also one of the most common orthopaedic injuries seen in dogs.

### WHAT IS THE CRUCIATE LIGAMENT?

The word cruciate means to "cross over".

The cruciate ligaments are two bands of fibrous tissue in the knee joint that join the tibia (shin bone) to the femur (thigh bone), which allows the knee to work as a stable hinged joint. One ligament runs from inside to out, and the other runs outside to in – in dogs they are referred to as the cranial and caudal cruciate ligaments. Injury to the cranial (or front) cruciate ligament is the most common.

### HOW DOES THE INJURY OCCUR?

The two causes of cruciate rupture are trauma and degenerative disease. Trauma involves a twisting injury to the joint, most often sustained when a dog suddenly changes direction while running. This puts a great deal of shearing force on the knee joint and results in the ligament tearing. The injury is very painful and results in an unstable leg that cannot bear weight.

Degenerative disease results from progressive weakening of the ligament due to repeated trauma or arthritis. The ligament may be partially ruptured and eventually progress to full rupture.

### HOW IS A CRUCIATE INJURY DIAGNOSED?

A history of sudden onset non-weight bearing lameness while running gives a high index of suspicion that a cruciate injury has occurred. Dogs will often demonstrate "toe touching" lameness, where the toe

will occasionally touch the ground, but no weight will be put on the leg.

Your vet will examine your pet and check the knee joint for the presence of abnormal motion called anterior draw, which results from the loss of stability usually provided by an intact ligament. Sedation may be required to assess the joint thoroughly, and x-rays may be performed.

### TREATMENT OF CRUCIATE INJURY

Your vet will discuss the best course of treatment for your dog, taking into account their age, weight and activity levels. Surgery is very commonly performed as a treatment for cruciate rupture. There are a number of different procedures for surgical repair, and again, your vet will discuss the best course of action for your dog.

# LOCALS SUPPORTING LOCALS: CAN YOU HELP WYNNUM COMMUNITY PLACE?

Dental on Cambridge is a local family-owned practice on Cambridge Parade in Manly that is always looking for ways to support our local community.

The practice is often approached for donations by larger organisations across Brisbane but prefers to focus fundraising efforts on the local bayside community. In previous years, Dental on Cambridge partnered with BABI Youth and Family Service in Wynnum to provide toiletry packs and Silky Oaks for back-to-school supplies.

This year, the practice will support Wynnum Community Place, a volunteer-led service helping those in the local community who need a little extra support. Wynnum Community Place relies heavily on donations to keep its service going. On Tuesdays and Thursdays, they offer free food, access to washing facilities and clothing donations.

Wynnum Community Place has identified a dire need for new boys' clothing sizes 2 to 5 years, children's soap, sunscreen, wipes and nappies, and general adult toiletries. Christmas will also be a focus, but these essential items are now needed in our community.

Dental on Cambridge will be making donations (as well as collecting) of the above supplies during November and December at the Manly practice. While any donation will be warmly accepted, the practice asks the community to purchase an additional product they would typically purchase for their own family or relatives in these categories. It could mean purchasing an extra kid's t-shirt or shorts while buying new clothes for your children, nieces, nephews and grandkids, another packet of wipes or nappies in your grocery shop, or an extra body wash or deodorant.

As donations come in, the Dental on Cambridge team will deliver these to Wynnum Community Place. Community members are welcome to include a personal note with their donations to be passed on to recipients.

Donations can be made at Dental on Cambridge 4/99 Cambridge Parade, Manly from Monday to Thursday 8.30am to 6.00pm, and Fridays 8.30am to 5.00pm.

## STATE MEMBER FOR LYTTON

### VISY OPENS STATE-OF-THE-ART PACKAGING FACILITY IN OUR BAYSIDE

Visy has officially unveiled its brand-new \$150 million corrugated packaging factory located in Hemmant.

I was delighted to recently attend the inauguration of this fantastic advanced manufacturing hub.

This state-of-the-art facility promises to produce a staggering 1 million boxes every day, setting a benchmark for advanced manufacturing in our Bayside.

Each of these boxes will be crafted from 100% recycled paper, sourced directly from Visy's Gibson Island recycling facility and paper mill.

During its construction phase, the project provided jobs to 300 individuals. Now, as the facility swings into full operation, it is set to generate over 100 'green collar' employment opportunities, fostering sustainable and responsible growth.

Not only is this a significant boost to Queensland's circular economy, but it has been a fantastic injection to the local economy and workforce. I am so proud to be part of a government that's investing in a vast range of industries.

### VALE LIONEL MORGAN

Rugby League and hard working community legend Lionel Morgan passed away recently.

Lionel is well remembered for his prowess on the field and as being the first Aboriginal man selected to play Rugby League for Australia.

He will also be remembered for his commitment to community through his work with Murri Court and Winnam Housing as well as Kianawah Swim Club and Wynnum North Pool.

### NEW SUPPORT PROGRAM FOR SMALL BUSINESSES

I am proud to announce a big program of support to help Bayside small businesses save money - the Queensland Business Energy Saving and Transformation (QBEST) program.

The Queensland Government has already been delivering cash back on energy-efficient appliances for households through the Climate Smart Energy Savers program, and now this program has been expanded to include small and medium businesses.

Eligible Bayside businesses will be able to claim up to \$12,500 cash back on a range of energy efficient appliances, lighting, refrigeration and chillers, industrial equipment, and more.

Applications opened on Thursday 5 October and rebates will only be available for purchases made after that date.

### CELEBRATE FOR CAUSE SUCCESS

Another wonderful Celebrate for a Cause event saw the Manly Harbour Boat Club transformed into mid-century Palm Springs. Hundreds of Baysiders attended

this event, which gets bigger and bigger each year. Thanks to organisers for your commitment to support local not for profits. This year Rosies – friends on the Street and Bayside Community Fund will be the recipients of funds raised.

Both are excellent causes, supporting Baysiders, just like CFC supports Baysiders every single day.

### WYNNUM FRINGE FESTIVAL 2023

It's that time of year again when our Bayside is brimming with the sights and sounds of the incredible Wynnum Fringe Festival.

I recently hosted a special pop-up event at Parliament House, featuring the legendary Rhonda Burchmore as a little taster of what is in store at Wynnum Fringe Festival 2023.

This year's Wynnum Fringe is set to be the biggest and best one yet, with the likes of Rhonda Burchmore, Daryl Braithwaite, Marcia Hines, Godz and many, many more exciting acts gracing the stages of the Festival.

From Cabaret to Comedy, Children's shows and everything in between, there is something for everyone to enjoy. Let your friends and family know to come on down to Wynnum Fringe and enjoy this incredible annual event that is now synonymous with our Bayside.

The festival runs from 15 November through 3 December 2023.

### BAYSIDE COMMUNITY GALA AWARD NIGHT 9TH OF NOVEMBER

With a great range of lucky door prizes, a wide variety of vendors and speakers, it was certainly a fun day out for all. I want to say thank you also to all the stall holders and guest speakers, without you I would not be able to run the Bonner Seniors' Expo each and every year.

Finally, a massive shout-out to Picardy Fry Lawyers for their continuous support and sponsorship.

I am already planning next year's event and look forward to seeing you there!

## NEW EQUIPMENT FOR ROSIES WYNNUM-MANLY

The volunteers at Rosies Wynnum-Manly do an incredible job supporting some of the most vulnerable in our community. That is why I am happy to say they recently received Federal Funding through the Volunteer Grant Program to help continue supporting those who need it most. I recently caught up with Kirsten and the team to hear feedback from those doing it tough. Unfortunately, the cost-of-living crisis has seen a raise of the working poor. People who have good jobs, who work hard, but who can't make ends meet due to the increased cost of everyday items.

If you know of anyone who might need an extra helping hand through this time, please let them know that Rosies is here to help.

Below are outreach locations in Wynnum Manly.

- Every Monday, 9am – 11am at St Peter's Anglican Church, 77 Charlotte Street, Wynnum.
- Every Tuesday, 9am – 12pm at Wynnum Community Place, 55 Berrima Street, Wynnum.
- Every Wednesday, Friday and Sunday, 7pm – 9pm: Corner of Tingal Rd & Corner of Charlotte St, Wynnum.

## CALLING ALL BONNER SPORT AND COMMUNITY GROUPS!

This guide will be a valuable resource, brining together essential information regarding all the incredible community groups and local sporting clubs in Bonner – all in the one location! # PNEUMOCOCCAL DISEASE – ARE YOU AT RISK?

BY DR DALE GARRED, MANLY VILLAGE MEDICAL

## All you need to know about the 'pneumonia' vaccine.

Pneumococcal Disease is an infection caused by a type of bacteria called 'Streptococcus pneumoniae'. There are many different strains of Streptococcus pneumoniae bacteria. While it is often associated with lung infection (pneumonia), Streptococcus pneumoniae can also cause serious blood infections and infections of the brain lining (Meningitis).

Vaccination is available to protect against the more common strains of Pneumococcus, and is funded (free) for many ELIGIBLE patients. There are 2 types of pneumococcal vaccine (each protecting against different strains) provided for free under the National Immunisation Program (NIP) for different groups.

- Routine vaccination of infants and children at 2, 4 and 12 months
- Children under 12 months who have certain medical conditions that put them at higher risk of getting serious pneumococcal disease (additional doses)
- Routine vaccination of Aboriginal and Torres Strait Islander people aged 50 years or over
- Routine vaccination of all people aged 70 years or over
- All people 12 months and over who have certain medical conditions that put them at higher risk of getting serious pneumococcal disease

The recommended number and timing of doses, as well as the type of vaccine depends on a person's age, ABTSI status, state they live in, whether they have had a pneumococcal vaccine before and whether they have conditions that increase their risk of pneumococcal disease.

The vaccines that protect against pneumococcal disease have been around a long time and are considered safe, with few side effects. Common side effects such as pain, redness and fever are usually mild. If you think you might be eligible for a FREE pneumococcal vaccine – please book an appointment with your GP to discuss this. All patients who are concerned about their own risk of pneumococcal disease may purchase the vaccine privately if they are not eligible for a NIP funded vaccine.

# MARINA COVE EXTENDS HOSPITALITY TO CHAMBER NETWORK

BY JANELLE BOSTOCK, PRECINCT COORDINATOR, MANLY HARBOUR VILLAGE

Photos: Supplied.

**On Tuesday, September 26, the Manly Chamber of Commerce held its networking trader event with nearly 40 members and guests in attendance.**

Members and guests were welcomed by Chris and Trish Allen at the Manly Marina Cove Motel, who provided a short overview of the motel's history, the types of clientele it attracts and how it maintains a 90% occupancy rate or higher. Trish and Chris took the opportunity

to thank the local business traders and community for their continued support – and it definitely works both ways!

The motel boasts a stunning waterfront location overlooking Moreton Bay and is a short stroll to Manly Harbour Village or a two-minute drive to Wynnum's retail centre.

Trish mentioned that sometimes guests are amazed at how close they

are to the Manly Harbour Village, which is just a short walk around the corner.

The Chamber welcomed a few new members on the evening. By the time this issue goes to print, we will be hosting our Annual General Meeting with the new committee being introduced at our next trader networking evening scheduled for November 28.

# COAST GUARD VOLUNTEERS HONOURED WITH CIVIC RECEPTION

BY HARVEY SHORE

**Brisbane’s Lord Mayor, Adrian Schrinner, will honour Brisbane Coast Guard volunteers with a Civic Reception to celebrate their 50th Anniversary this November.**

The Manly-based Flotilla was founded when a group of fishermen reacted to a lack of rescue services in Moreton Bay by starting their own.

On November 13, 1973, their rescue team received a charter from the Australian Volunteer Coast Guard Association, and became Brisbane Coast Guard.

Since then, they’ve rescued thousands of boats in trouble at sea, assisted Brisbane Water Police in hundreds of search and rescue operations, and saved scores of lives.

Former Queensland Premier Anna Bligh described them as “Ordinary people doing extraordinary work” when she awarded them Disaster Hero badges in 2011.

Former Governor General of Australia Sir Peter Cosgrove, who visited the Manly base in 2016, said, “What you do isn’t work for ordinary people. It’s work for the most courageous volunteers in our community.”

Brisbane’s Lord Mayor said, “For 50 years, volunteers at Brisbane Coast Guard have done an outstanding job helping Brisbane residents and visitors who venture out into Moreton Bay, or into rivers and dams around the city, and strike trouble. The City of Brisbane is honoured to recognise their admirable service with a Civic Reception”.

Over a hundred past and present volunteers from the Manly Flotilla will attend the Civic Reception in Brisbane City Hall on November 13.

Among them will be Lambert Macchion and Brian Shanks – two of the original group of fishermen who founded Brisbane Coast Guard 50 years ago.

# MY MEMORIES: A SUMMER HOLIDAY ADVENTURE

BY ROSS FARLEY, BAYSIDE RESIDENT

On the first weekend of the school holidays in the 1950s and '60s, our families would set up tents in Rudd Park at Burleigh Heads for the duration of the school holidays. Other families did the same, and many of the same people returned every year, forming an annual temporary community.

The tents were the old marquee-style with no built-in floors or zips; food was stored in ice chests, and cooking was done on methylated spirit stoves. My father (like others) drove back home to work through the week and came down for the weekends.

When I was probably about 10 years old, the boy in the tent next door and I decided to paddle canoes, but the only canoes were at Southport. None of the mothers had cars, so we asked if we could walk to Southport (about 15 km away) to hire canoes. Our mothers gave us money for canoes and lunch, and we set off the next day.

We walked up the beaches of Miami, Surfers Paradise, and Main Beach, crossed the old Southport Bridge and made our way to Labrador. We hired canoes, bought pies for lunch and hitchhiked home. We were picked up by a man who had space in the back of his utility (legal then, but not now) who kindly dropped us off about 100 metres from our tents.

We had a great day, and our mothers were confident we would be safe. Hitchhiking was common in those days. The dangers began later. Most people didn't have cars, and it was considered neighbourly to pick up hitchhikers, especially lifesavers wearing their club clothes. It was a different world back then, and kids could safely do what is unthinkable today.

# Illuminate your holidays – the crucial role of security lights in deterring robberies

CONTRIBUTED BY JARIC ELECTRICAL

As the festive season approaches and Christmas cheer fills the air, unfortunately a less joyful reality also emerges – an increase in robberies.

Protecting your home during this period is essential, and one effective way to do so is with security lights. They not only enhance your home's holiday ambience, but also play a crucial role in deterring potential thefts. Here's how:

- 1. Visibility and deterrence:** A well-lit home acts as a deterrent for burglars. Security lights reduce the shadows that can provide cover for unauthorised individuals, making it less appealing for criminals to approach your home as they are more likely to be spotted by neighbours.
- 2. Create the illusion of activity:** During the holiday season, empty homes become prime targets for theft.

Security lights with motion sensors create the illusion of someone being home, discouraging burglars from attempting a break-in.

**3. Peace of mind:** The holiday season should be a time of joy and relaxation, not worry! By installing security lights, you can enjoy peace of mind, knowing that you've taken proactive steps to safeguard your home and property.

**4. A customised solution:** Security lights come in a variety of options, from traditional floodlights to stylish fixtures that seamlessly blend with your outdoor decor.

**5. Economical and energy-efficient:** Many modern security lights utilise energy-efficient LED technology, minimising your electricity costs while providing continuous protection.

Contact Jaric Electrical for expert advice on your home's electricals.

*This Christmas, don't let your home become a statistic! The warm glow of security lights can be an effective deterrent, giving you a safer neighbourhood, a more secure home, and a merrier festive season for everyone. To find out more, call Jaric Electrical on 1300 452 742.*

### LOCAL POETRY PLOVERS

BY GEOFF SMILEY

They are like ghosts,  
calling in the night.  
Twins, flying white  
on the protective dark.  
Yellow masked  
familiar of the spirit world,  
gliding to settle on the shore  
with mournful call.

Uncomfortable by day,  
fine limbed, fractious visitors  
in an alien place.  
Wide-eyed, resentful noises,  
nesting not in trees  
but frail on open grass.  
Unsettled as they await,  
return of the safe night.

# LOCAL AUTHOR PROFILE: RACH REY

Rach Rey is a local author who recently launched her first book, *A Dog's Dash*.

*A Dog's Dash* is inspired by Rach's lifelong love of dogs and a heartfelt desire to assist other dog lovers in preserving their dogs' milestones and memories. It allows readers to add their creative flair to the pages by inserting photos, drawings and even locks of hair into the book to create a lasting, personalised memory.

"*A Dog's Dash* is filled with so much supportive information for every age and stage of your dog's life," Rach says, adding "I just wanted everyone to have access to this information and a place to keep their own treasured stories, photos and reflections of their own precious dog."

On completion, Rach was unaware of how much she would rely on the book in the coming months. Rach's dog, a miniature dachshund called Aura, became very sick earlier this year, and along with her family, Rach made the tough call to put her to rest.

"Anyone who's ever been through this – and I know a lot have – knows how hard it is to say goodbye," Rach says.

During this sad time, Rach says *A Dog's Dash* came into its own. When the family gathered to say their goodbyes to Aura, and they could flip through the pages, talk about the memories they all had, laugh and cry, and truly see the gift this little dog was, Rach understood the power of what she had created.

"This is not just a book for puppies; Aura was 13 years old when I finished the book." Rach explains that *A Dog's Dash* takes you through your dog's journey, from when you become their guardian to their passing.

While Rach admits some of the book was hard to write, these last few months have truly shown her the power of what is contained in the pages. "Even though I'm very sad about my little girl's passing, I will still celebrate the anniversary of this book because every day it helps me feel connected to her and the love she brought to our family," says Rach.

If you'd like to purchase a copy of *A Dog's Dash*, go to [rachrey.com.au](http://rachrey.com.au).

# A COLLABORATIVE SUCCESS: THE TRIBE CHARTS A NEW COURSE

FROM ROYAL QUEENSLAND YACHT SQUADRON

Yachtshare is a proud supporter of the Making Waves Foundation (MWF) and has selected this organisation as its charity of choice. Over the last few weeks, Yachtshare director Anton Prange has assisted the MWF team, volunteers and trades in preparing MWF's yacht, *The Tribe*, to commence its programs on Moreton Bay.

Annually, the Making Waves Foundation provides more than 2,500 young people and adults the chance to enjoy life-changing experiences on the water.

Following months of hard work by many, *The Tribe* had her first sail on the bay and even completed her first WAGS race. Anton is very grateful to the expert sailors who joined the shakedown sail and the first race to ensure everything worked as it should. What a team, and what a boat!

A big shout-out to everyone that has helped get us this far. A special thanks to the crew (Todd, Greg, Mike, John, Geoff, Phil and Dave) and our test sailors Ash, Brad and Woody.

An extra special thanks to Greg Clark for his many hours sorting through the sails and inventory on the boat. Lastly, thank you to Natalie from MWF – the driving force in getting the boat out on the water and into operation.

None of this would be possible without the support of the Royal Queensland Yacht Squadron, Bartons Motor Group, David Redfern, Sandy Grant, Karen Baldwin, Peter Lewis, Paul and Nelly Bolton, Rope Solutions Rigging Services, AW Marine, Electech Industries, Moreton Bay Signs, International Paints, Survitec, and countless volunteers, donors, trades and supporters that have got behind this fantastic club initiative.

Congratulations to everyone involved!

If you'd like to help a child with disability develop courage and confidence, Making Waves is looking for volunteers. Visit <https://makingwaves.au/volunteer/> for more information.

# NOVEMBER IS A PRIME TIME FOR WHITING AND THE FISHING IS GREAT!

BY SPERO KARTANOS

**It's November, and the weather does not always play nice this time of year. But when we can get out on the bay, the whiting are waiting for us, and not many fish taste better.**

There's no excuse when the weather is good not to go out and bring some nice Moreton Bay whiting fillets home for the family, and by all accounts, most families enjoy the sweet-tasting fillets. Whiting are great cooked tempura-style, grilled in a nice pasta linguini, or any way you like to cook these lovely fish. My favourite has to be a light Japanese tempura batter, served with shoestring chips, all cooked in light olive oil, but for the family to be happy, you must learn to fillet without leaving any bones behind!

Whiting are really easy to catch, and they tend to be in the same areas each year – in fact, I think there are more whiting these days than ever before. This time of year, you'll catch them around the Sand Hills, Blue Hole, on the western side of Moreton Island, Fisherman's Gutter and all the gutters throughout the Rous Channel. Also, check out Chain Banks and all the surrounding sand banks like Amity Banks, the legal side of Maroon Banks, the shallows in Horseshoe Bay and south to Pelican Banks.

In the summer months, I find the whiting are up in the shallow banks throughout the bay in 4 to 6-ft depth, and a sign I always

look for is feeding dugongs. Nine times out of 10, the whiting follow the herds to eat whatever the dugongs dig up, eating the seagrass.

I find them on the bite better when there is a good run in the tide, drifting with the good old faithful paternoster rig. Anchored up, I do like the running sinker rig, especially in the fast-running currents and the rivers, but in the bay, a paternoster is the way to go.

Baits are simple, and the best by far is live blood worms, but frozen beach worms, strips of squid, peeled prawns, pipis and live yabbies should all catch you a bucket of whiting.

As for rods and reels (especially for the young), I recommend ultralight rods and 1000-size reels. Eight to 12-pound line is all you need, and like most older fishermen, hand line is still preferred to rod and reel.

I use a red long shank 1.0, which makes sense as I mostly use red blood worms or cured red beach worms, but I have to say I was put onto the black magic circle type 1.0 whiting hooks and can't believe how good they are. The only trouble is that my little

Photo: Spero Kartanos.

fat fingers sometimes find it hard to put the bait on, so I revert to a long red shank every now and then.

So get the rods and reels ready and wait for a nice calm day to go out and bring home a bucket of whiting that I'm pretty sure the whole family will enjoy,

For weekly updates, go to [fishingmonthly.com.au](http://fishingmonthly.com.au) for Moreton Bay reports, which will let you know where the fish are, and if you search features, there is an extended article on whiting fishing in the bay.

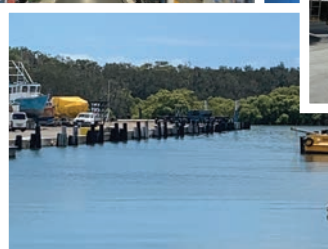

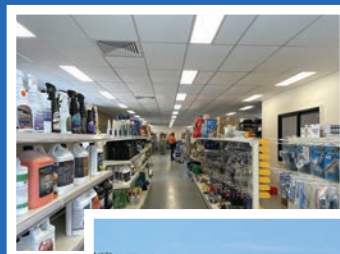

Till next time, good fishing!

## Local Updates

### Wading Pool Playground Upgrade

We are now taking feedback from residents on our proposed plans for a big upgrade to the playground next to the Wynnum Wading Pool. This project is all about boosting the bayside lifestyle, making sure that the Brisbane of tomorrow is even better than the Brisbane of today.

To have your say on the proposed plans visit [www.brisbane.qld.gov.au](http://www.brisbane.qld.gov.au) and search 'Wynnum wading pool playground'.

### 1 Million Extra Plants

Recently I announced that over the next ten years, Council will be planting an additional one million plants across the city in high habitat areas. In total, it adds up to 500 hectares of wildlife habitat, including the restoration of wetlands and riverbanks. Brisbane is the most bio-diverse capital city in the country, and we are set on maintaining and enhancing this. On average, Council plants more than 56,000 native plants annually, this project will double that. We are partnering with Greening Australia, and the Brisbane Sustainability Agency to deliver the project.

### Storm Season

Are you ready for storm season? Sign up to Council's Brisbane Severe Weather Alert Service to receive advance warning for severe weather.

Alerts are only sent if the Bureau of Meteorology issues a warning for the Brisbane City Council area.

# STUDENTS TEACH COMMUNITY TO REDUCE, REUSE, RECYCLE

FROM MRS. HEATHER CASTLE, MURARRIE STATE SCHOOL

**How do you get a whole nation recycling better? Part of the answer might lie with our children.**

Students in Years 2, 3 and 4 at Murarrie State School undertook a deep investigation into the amount and type of rubbish in the school bins and the community. Teaching adults how to change their habits can be difficult, which is why our students argue targeting the younger members of the house could be the key to change.

“The kids love it; they go home and they teach their parents, and that’s really what we want to happen,” classroom teacher Miss Jo Young said. “The idea is they teach their family and anyone who’ll listen, and we basically try and get them to promote recycling, sustainability.”

The students undertook a “War on Waste” action project, which entailed gathering data in a range of ways, including collecting, sorting and weighing the school’s rubbish.

The students were then honoured to be invited to present the “War on Waste” action research findings at Di Farmer MP’s Eco Forum. Visitors to the stall were amazed by the breadth of the students’ research, the depth of the students’ knowledge about sustainability, and how passionate the students were about persuading our community to improve how we manage our waste and work towards a more sustainable solution.

Students said they were teaching their parents and friends about what they can and can’t put in their recycling bins. This is vitally important!

Murarrie students are active in addressing real-world problems, which makes a difference in them becoming lifelong active community members.

# SUPERANNUATION — LOOKING AFTER YOU AND YOUR TEETH

FROM DENTAL ON CAMBRIDGE

Super is there to look after you – usually in retirement – but did you know you can access early release of your super if your quality of life is impacted by your health? If your life is affected by poor oral health, pain and discomfort, you may be eligible for early release of your super to help cover your dental treatment. Super is there to help you, but you don't have to be of retirement age to gain early compassionate release of your super for your healthcare.

## How does this work?

You can apply to access your super to pay for your treatment, your partner's or your children's treatment. You may choose to apply for funding to cover the entire cost of the procedure or part of the cost. This option is open to all Australians, whether you already have private health insurance or not.

## What types of treatment might be covered?

We've seen many different types of treatment being covered. The key is the treatment must assist in treating acute or chronic dental conditions. Types of treatment include fillings, deep cleaning, extractions, root canal treatment, crowns, bridges, implants, dentures, implant retained dentures, full mouth rehabilitation (e.g. new artificial teeth on implants, full arch crowns).

## What are the steps involved?

- You connect with your trusted Dentist and they will discuss your treatment options with you including a full quote for the cost of the treatment.
- You will need a letter of support from your Dentist describing why the treatment is required for your specific needs.
- Complete paperwork to ask your fund for compassionate release of some of your super funds for your dental treatment.
- If approved, your super fund pays the money directly to you, then you pay your preferred Dentist to undertake your treatment. Payment must be made within 7 days of receipt of your super funds, or you will have to return the money to your super fund.

## How can I get more information?

Our team at Dental on Cambridge can assist you with your enquiry about early release of your Super. We have supported many patients to access this type of funding for their dental care. We will assist you every step of the way – no paperwork, just a consultation with one of our Dentists and the rest we will take care of for you! Visit our website [www.dentaloncambridge.com](http://www.dentaloncambridge.com) or call our team on 3348 6661 today to learn more about whether this option is a suitable one for you!
